ABOUT ME

I am a driven and dedicated professional with a proven background in mobile application development using Flutter. In the role of a Flutter Application Developer, I bring a history of successful contributions to mobile application projects, showcasing a distinctive combination of practical expertise and strong leadership capabilities that can make a substantial positive impact on your organization.

Moreover, I excel in efficiently managing multiple tasks daily, thriving under pressure, and consistently maintaining high energy levels. I am always enthusiastic and ready to acquire new skills, adding further value to the dynamic needs of your team.

WORK EXPERIENCE

Flutter Application Developer

StartTech [10/2022 – Current]

City: Dubai

Country: United Arab Emirates

- Currently leading the Flutter team at StartTech since October 2022 in Dubai, UAE, I have honed my expertise in driving projects from conception to deployment, ensuring the delivery of high-performance and scalable mobile applications.
- My role involves collaborating with computer engineers to innovate and conceptualize new applications, managing Agile teams proficiently using Jira software, and ensuring the applications optimal performance and scalability.
- My proactive approach to bug fixing, feature enhancements, and performance optimization has consistently led to the development of robust and user-friendly applications.
- Ensure the performance, quality, and responsiveness of applications and Optimize application for maximum speed and scalability.
- Troubleshoot and debug issues, conduct code reviews, and provide constructive feedback to team members.
- Experience in deploying apps on both the AppStore and Google Play, it showcases my comprehensive understanding of the application lifecycle, which is crucial in today's dynamic tech landscape. By conducting thorough code reviews and offering constructive feedback, I've fostered a collaborative and efficient team environment.

Flutter Application Developer

Cogent Softech (Part Time) [05/2022 – 12/2023]
