FLUTTER DEVELOPER

As a skilled Flutter Developer with 5 years of experience, I specialize in crafting advanced mobile applications, boasting proficiency in **Dart**, **Firebase**, **Restful APIs, GraphQL**, and **Git**. I am adept in **state management** tools like **Bloc, Provider, Riverpod, and GetX,** and real-time communication with **Socket IO**, ensuring responsive app development. My expertise covers **UI/UX design**, **cross-platform development**, and **Agile methodologies.** Additionally, I am knowledgeable in **Kotlin**, **Java, Swift** , **OOP**, **Machine Learning kits**, **Gitlab**, **CI/CD** processes, and design patterns, enabling me to deliver scalable, high-performance apps.

SKILLS

Team leadership	Dart	Cross-Platform	Firebase	Bloc
Project management	Kotlin	Android	RESTful APIs	Provider
Agile Methodologies	Java	iOS	.net Web APIs development	RiverPod
Scrum	Swift	Responsive Design	GraphQL	Getx
Version Control System (Git)	JSON		Real-Time (Socket IO)	

PROFESSIONAL EXPERIENCE

Herogram - Dubai   **03/2024 - Present**
Flutter Developer
03/2024 - Present

In my current role as a Flutter Developer, I've advanced significantly, enhancing my expertise in building and deploying high-quality apps. Working closely with a talented team, I've mastered AI integration, secure payment systems, and Agile methodologies, enabling me to deliver impactful solutions. This experience has helped me grow into a more skilled and confident professional, consistently achieving better results and exceeding expectations.

Accomplishments:

- Collaborated with a cross-functional team of designers, AI experts, and backend developers to deliver high-quality mobile applications.
- Reduced development time by 20% through optimized workflows.
- Developed and integrated AI-powered features, boosting app functionality and increasing user engagement by 25%.
- Designed and implemented secure payment gateways and in-app purchase systems, ensuring 100% transaction reliability and enhancing user trust.
- Leveraged Agile methodologies to streamline project management, consistently meeting project deadlines with a 98% success rate.
- Led the app deployment process, ensuring smooth releases to Google Play Store and Apple App Store while maintaining compliance with platform guidelines, achieving a zero rejection rate.
- Optimized app performance, improving load times by 30% and ensuring seamless responsiveness across devices.
- Contributed to scalability and stability by writing clean, modular, and maintainable code, reducing bug reports by 40%.
- Proactively identified and resolved technical challenges, reducing development roadblocks and improving overall team productivity by 15%.
- Applied Test-Driven Development (TDD) practices, improving code quality and reducing defects.

StartTech - Dubai   10/2022 - 12/2023
Flutter Developer
Leading the Flutter team at StartTech in Dubai, UAE, I have honed my expertise in driving projects from conception to deployment, I maintain a direct line of communication with the (CTO) to effectively manage project analysis. This collaboration is pivotal in preparing and delegating tasks, allowing the team to efficiently commence work on projects from the ground up.

Accomplishments:
- Oversaw and assessed the testing phase for approximately 100 candidates across 5 countries, strategically identifying and selecting the most qualified individuals for Flutter developer roles within the company.
- Demonstrated ability to efficiently evaluate and finalize projects, successfully completing 80 percent of them ahead of their deadlines.
- Lead a team of 4 developers, spearheading the development of applications from inception to launch, ensuring high-quality deliverables and adherence to project timelines.
- My role involves collaborating with computer engineers to innovate and conceptualize new applications, managing Agile teams proficiently using Jira software.
- My initiative-taking approach to bug fixing, feature enhancements, and performance optimization has consistently led to the development of robust and user-friendly applications.
- Implemented Unit Testing and Integration Testing to ensure robust, reliable app performance and minimize production bugs.
- Ensure the performance, quality, and responsiveness of applications and Optimize application for maximum speed and scalability.
- Troubleshoot and debug issues, conduct code reviews, and provide feedback to team members.
- Deploying apps on both the AppStore and Google Play.

Cogent Softech - Detroit   06/2021 - 05/2022
Flutter Developer (remote)
Through my tenure at this company, my professional expertise has expanded exponentially, achieving a 100% increase in experience and proficiency.

Accomplishments:
- Led the design and development of multiple e-commerce apps using Flutter, enhancing customer engagement and streamlining online shopping experience.
- Integrated secure payment gateways (Stripe, Apple Pay, Google Pay, in-app purchases), enhancing user trust and ensuring reliable transactions.
- Worked closely with product managers, designers, and QA teams to ensure high-quality and timely delivery of app features.
- Successfully deployed 5 projects to the App Store/Google Play, demonstrating a comprehensive grasp of the application lifecycle.
- Kept abreast of the latest Flutter updates and best practices, applying new techniques to continuously improve app functionality and user experience.

Hashtag9 - latakia   06/2019 - 05/2021
Flutter Developer
Initiated my professional journey in my first role, laying the foundation for my career and marking the start of my growth and development in the industry.

Accomplishments:
- My tenure in an entry-level position was immensely beneficial, as it offered me the opportunity to collaborate with experienced developers.
- Through this experience, I enhanced my proficiency in coding, honed my skills in app optimization, and acquired knowledge in deploying applications on platforms such as Google Play and the App Store.
- I gained valuable insights into design patterns and project structure, further enriching my professional skill set.

EDUCATION

Tishreen University - Latakia ,Syria   09/2014 - 09/2020
Bachelor's Degree (B.Sc.) in Computer Engineering and Automatic Control

CERTIFICATIONS

The Complete Flutter Development Bootcamp with Dart
