FLUTTER DEVELOPER

As a skilled Flutter Developer with 4 years of experience, I specialize in crafting advanced mobile applications, boasting proficiency in **Dart**, **Firebase**, **Restful APIs, GraphQL**, and **Git**. I am adept in **state management** tools like **Bloc, Provider, Riverpod, and GetX**, and real-time communication with **Socket IO**, ensuring responsive app development. My expertise covers **UI/UX design**, **cross-platform development**, and **Agile methodologies.** Additionally, I am knowledgeable in **Kotlin**, **Java**, **OOP**, **Machine Learning kits**, **CI/CD** processes, and design patterns, making me a versatile asset in the evolving tech landscape.

SKILLS

Team leadership	Dart	Cross-Platform	Firbase	Bloc
Project management	Kotlin	Android	RESTful APIs	Provider
Agile Methodologies	Java	iOS	GraphQL	RiverPod
Version Control System (Git)	Swift	Responsive Design	Real-Time (Socket IO)	Getx

EXPERIENCE

StartTech - Dubai   **October 2022 to December 2023**
Flutter Developer

Leading the Flutter team at StartTech in Dubai, UAE, I have honed my expertise in driving projects from conception to deployment, I maintain a direct line of communication with the (CTO) to effectively manage project analysis. This collaboration is pivotal in preparing and delegating tasks, allowing the team to efficiently commence work on projects from the ground up.

Accomplishments:

- Oversaw and assessed the testing phase for approximately 100 candidates across 5 countries, strategically identifying and selecting the most qualified individuals for Flutter developer roles within the company.
- Demonstrated ability to efficiently evaluate and finalize projects, successfully completing 80 percent of them ahead of their deadlines.
- My role involves collaborating with computer engineers to innovate and conceptualize new applications, managing Agile teams proficiently using Jira software, and ensuring the applications optimal performance and scalability.
- My proactive approach to bug fixing, feature enhancements, and performance optimization has consistently led to the development of robust and user-friendly applications.
- Ensure the performance, quality, and responsiveness of applications and Optimize application for maximum speed and scalability.
- Troubleshoot and debug issues, conduct code reviews, and provide constructive feedback to team members.
- Deploying apps on both the AppStore and Google Play, it showcases my comprehensive understanding of the application lifecycle, which is crucial in today's dynamic tech landscape.

Cogent Softech - Detroit   **June 2021 to May 2022**
Flutter Developer (remote)

Through my tenure at this company, my professional expertise has expanded exponentially, achieving a 100% increase in experience and proficiency.

Accomplishments:

- Led the design and development of multiple e-commerce apps using Flutter, enhancing customer engagement and streamlining online shopping experience.

- Successfully integrated Payment Gateways using Stripe, Apple Pay, and Google Pay, providing seamless and secure payment options.
- Worked closely with product managers, designers, and QA teams to ensure high-quality and timely delivery of app features.
- Successfully deployed 5 projects to the App Store/Google Play, demonstrating a comprehensive grasp of the application lifecycle.
- Kept abreast of the latest Flutter updates and best practices, applying new techniques to continuously improve app functionality and user experience.

Hashtag9 - latakia   **June 2019 to May 2021**
Flutter Developer
Initiated my professional journey in my first role, laying the foundation for my career and marking the start of my growth and development in the industry.

Accomplishments:
- My tenure in an entry-level position was immensely beneficial, as it offered me the opportunity to collaborate with experienced developers.
- Through this experience, I enhanced my proficiency in coding, honed my skills in app optimization, and acquired knowledge in deploying applications on platforms such as Google Play and the App Store.
- I gained valuable insights into design patterns and project structure, further enriching my professional skill set.

EDUCATION

Tishreen University - latakia ,Syria [2014 – 2020]
Bachelor in Computer Engineering and Automatic Control
